

COMPANY PROFILE

MWEWE
CLEANING, SANITARY &
FUMIGATION SERVICES

ABOUT COMPANY

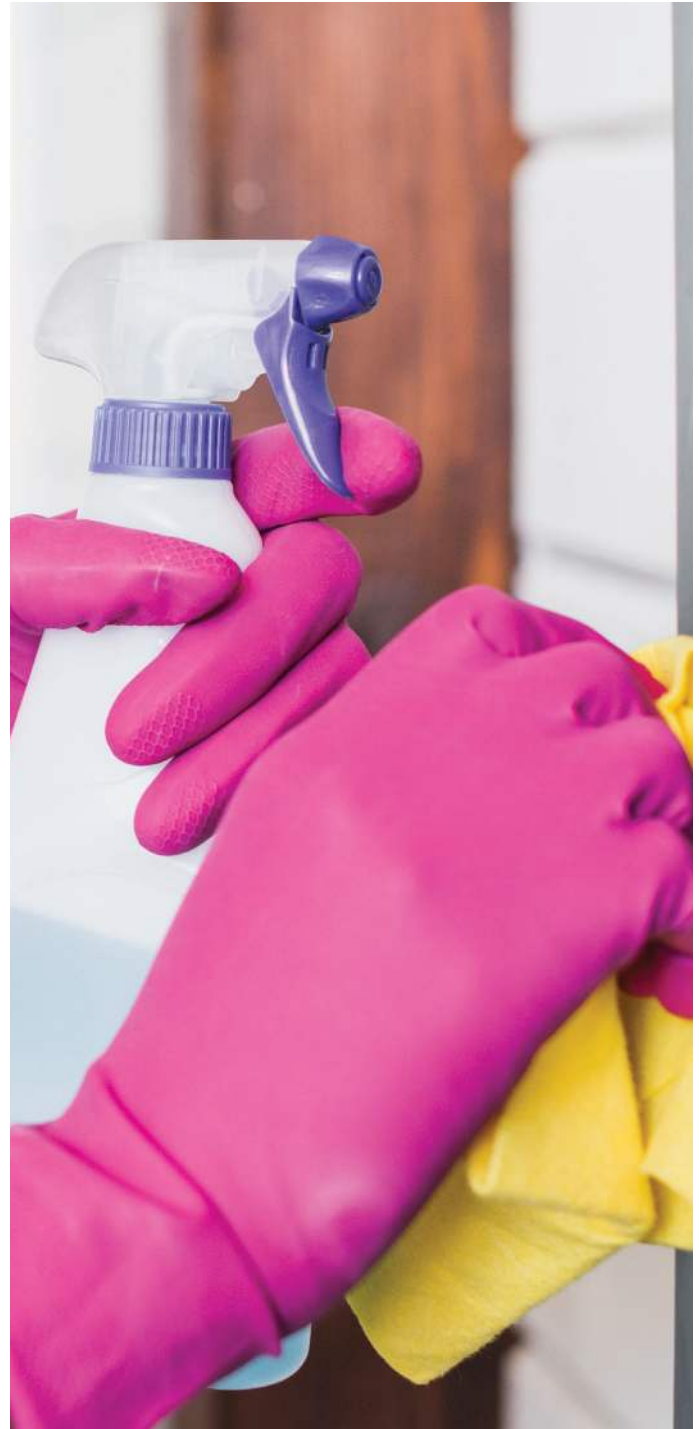

Mwewe Cleaning and Fumigation Services Limited started its operations in 2011 as sole proprietor business by a long serving hotelier who has worked in various five star hotels in Kenya as an Executive Housekeeper. Mwewe was incorporated in 2014 and has grown tremendously by providing a new and dynamic approach to cleaning, sanitation and fumigation.

We understand the importance of meeting company specific demands within a specific budget and time frame. We achieve this by delivering customized cleaning, sanitation and fumigation services to suit each client's unique requirements.

Our Policy

Mwewe Cleaning and fumigation policies are to deliver cost effective cleaning solution choices to meet each individual client's specific needs in a timely and professional way.

From a careful assessment of your needs, we work with you to agree the most efficient and cost effective solution that adds real value to your operations.

Our Promise

Trust, cost effectiveness and an ability to adjust our service to meet our clients' changing needs is the ethos on how we have built our business. At Mwewe Cleaning and fumigation customer care is central to our success and all our clients can expect:

- Fully trained, supervised and uniformed staff.
- Systematic approach to all duties and a willingness to take responsibility and show initiative in how our staff carries out their work.
- Consistent high levels of service and standards.
- An effective client feedback communication system.
- A professional and friendly approach.
- Top quality equipment and material for all jobs.

Vision

To meet the growing demand of professional cleaning, sanitary & fumigation services by using modern technology

Mission

To provide professional cleaning, sanitary and pest control services on commercial and residential premises at a cost effective price

Values

- Customer is KING
- 100% Customer Satisfaction
- Trust, Honesty and Integrity
- Promote and utilize green products and offset our carbon footprint

Exclusive Sustainability

We take environmental concerns and other aspects of sustainability seriously. At Mwewe, we use eco-friendly products that minimize any detrimental effect on our environment. Our staff are properly trained in handling and disposing materials to ensure personal and environmental safety.

Company Reputation

Our reputation is built on the following guiding principles:

To always deliver the highest standard of cleaning and Fumigation:

Attention to detail is critical in any cleaning. Our team prides itself on on impeccable and timely cleaning.

Excellent Customer service :

From initial engagement through to the actual cleaning and post project followup, Mwewe's customer service is second to none. Our management team is actively involved in every project to ensure that our clients are satisfied and receive the best possible service.

Flexibility :

Cleaning and Fumigation is critical for the success of any establishment. With a large team of cleaners and efficient scheduling, Our teams can be as flexible as your institution's requirements.

Health and Safety of our Clients :

Mwewe is committed to protecting its clients and staff from the hazards of cleaning and pest control. All necessary rules and regulations are strictly followed, and our team come equipped with the proper attire as per and materials as per the cleaning requirement.

Staff Training:

A cleaning job is only as good as the cleaners standards. All Mwewe staff are carefully selected and go through a thorough training process to equip them to deliver high cleaning standards and which mostly exceed our clients expectations.

Meet our Team Management

Ruth Mwangi and David Thanju, are the company's directors and are personally involved in the day-to-day operations and regularly meet with clients for constructive feedback on operations.

Our Staff

All our staff undergo thorough screening process before they are employed. We place great emphasis on staff training and proper evaluation. In addition to on job training, which ensures our operations staff are prepared for their tasks we also do health & Safety training so as to comply with the regulations.

Our team of customer service personnel and supervisors ensure that clients have an immediate and effective feedback system to monitor work progress and ensure all work is completed to the highest standards.

Our Services

At Mwewe Cleaning and Fumigation Services Ltd., we are committed to providing top-tier cleaning, Sanitary and pest control solutions tailored to meet the unique needs of our clients. With a focus on professionalism, reliability, and customer satisfaction, we ensure that every space we service – whether residential, commercial, or industrial – remains spotless and pest-free.

Our skilled team utilizes advanced techniques and eco-friendly products to deliver effective, safe, and long-lasting results. Trust us to create clean, healthy environments for your home or business.

Cleaning Services

At Mwewe Cleaning and Fumigation Services Ltd., we offer comprehensive cleaning solutions for various spaces, including malls, offices, residential buildings, and more. Our dedicated team of professionals ensures that every corner is meticulously cleaned, leaving your premises spotless and hygienic. Whether it's routine cleaning or deep cleaning, we tailor our services to suit the specific needs of each client, using high-quality cleaning products and the latest techniques. From floors to windows and everything in between, we guarantee a fresh and welcoming environment for your property.

Disinfection and Fumigation Services

We offer comprehensive fumigation, disinfection, and pest control services to ensure the health, safety, and comfort of your environment. Our experienced team specializes in identifying and addressing pest-related issues, utilizing a range of effective and safe methods. Whether you're dealing with a severe infestation or require routine maintenance, we have the expertise and resources to meet your needs. From fumigation for pest eradication to disinfection for disease prevention, our services are tailored to deliver optimal results. We adhere to industry regulations and prioritize environmental responsibility, using eco-friendly products and techniques whenever possible. Trust us to provide professional, reliable, and personalized solutions to keep your space pest-free and hygienic.

Sanitary Bins

We are proud to offer professional sanitary bins services to ensure the cleanliness and hygiene of your restroom facilities. Our dedicated team understands the importance of providing discreet and convenient solutions for the proper disposal of feminine hygiene products. With our services, you can trust that your female washrooms will be equipped with high-quality, secure, and odor-resistant sanitary bins. We prioritize regular maintenance and timely emptying of the bins to maintain a fresh and sanitary environment.

Our commitment to excellence means that you can rely on us to deliver reliable and efficient sanitary bins services that meet the highest hygiene standards.

Medical and Hazardous Waste Management

Mwewe provides a wide range of medical waste management services, we are able to do this by providing preassembled boxes and bags for your waste and when your box is full and it's time for a pick up, we prepare and process all the required regulatory paperwork. Upon arrival at your practice one of our experienced technicians will seal, label and remove your box for disposal at our treatment facility.

These Waste includes;

- Sharp Disposal waste.
- Infectious Medical Waste
- Expired pharmaceutical waste.

Sharp Disposal Waste – A sharp box, also known as a sharps container, is a specially designed, puncture-resistant container used for the safe disposal of medical sharps, such as needles, syringes, lancets, and other sharp medical instruments.

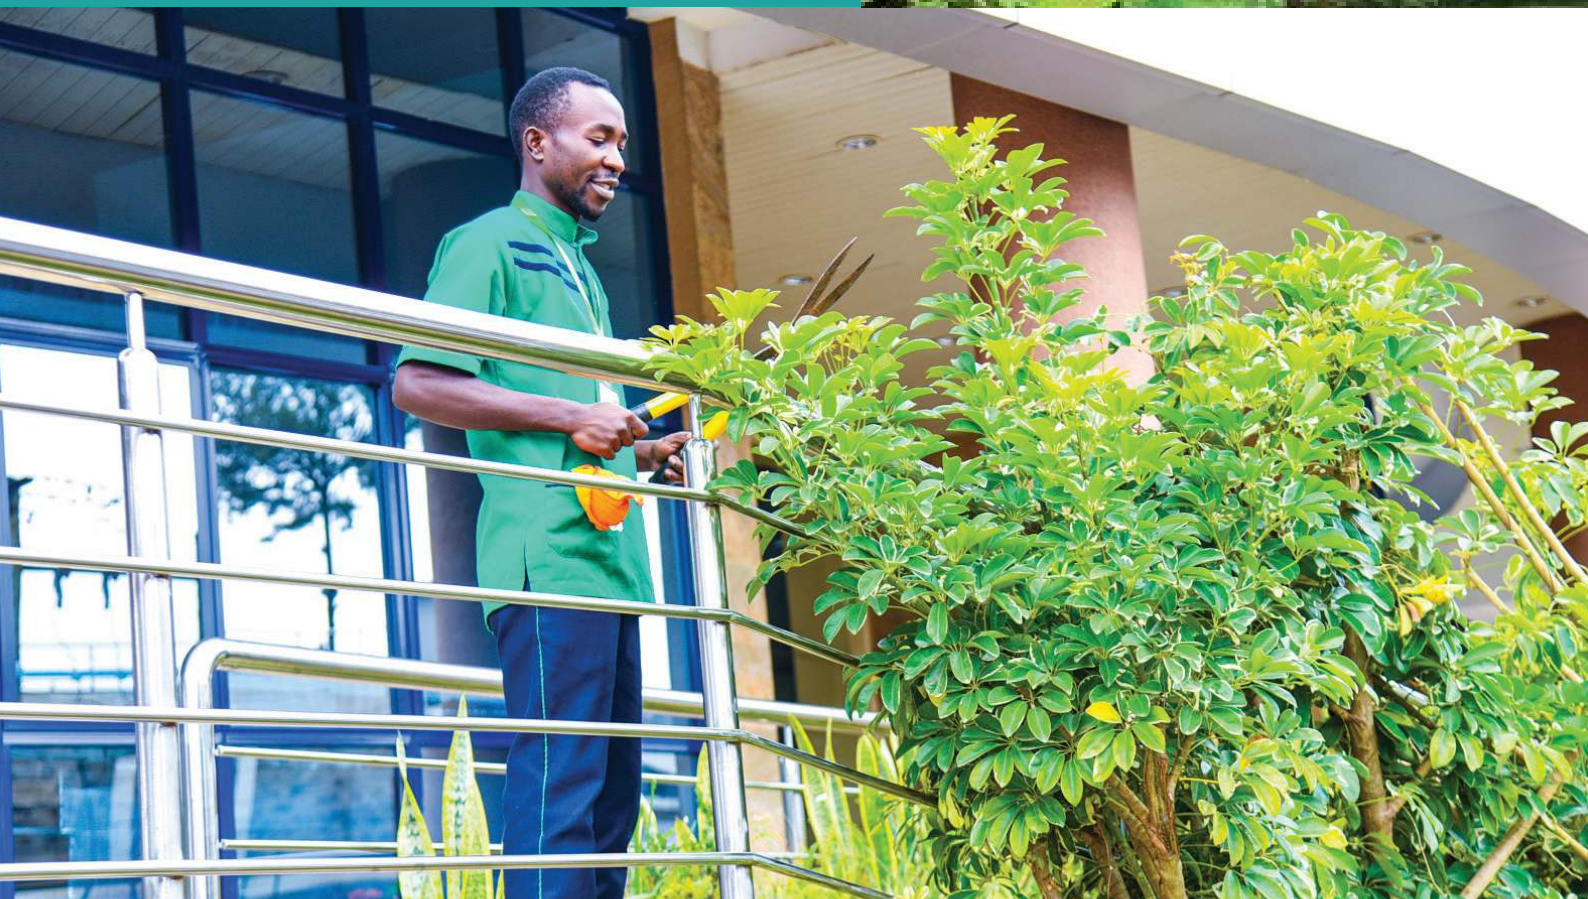

Infectious Medical Waste Disposal – Infectious medical waste can pose a serious risk to public health or have harmful environmental effects. Improper management of infectious medical waste can result in adverse health risks to the general public, patients, and medical staff. Here at Mwewe, we guarantee you a safe and easy disposal of such services.

Expired Pharmaceutical Waste – is a significant waste stream that can contribute to environmental pollution and public health risks.

Landscaping and Gardening Maintenance

We offer exceptional Landscaping and Gardening Maintenance services. Our team of skilled professionals is dedicated to transforming outdoor spaces into beautiful and vibrant landscapes that leave a lasting impression. Whether you need assistance with lawn mowing, tree trimming, flowerbed design, or overall garden maintenance, we have the expertise to cater to all your landscaping needs. We understand that each client has unique preferences and requirements, which is why we prioritize open communication to ensure that we deliver results that exceed your expectations. With our attention to detail, commitment to quality, and passion for creating stunning outdoor environments, we are the ideal choice for all your landscaping and gardening maintenance needs.

Our Products

The placement of automatic air fresheners in washrooms provides a simple hassle-free solution that ensures a clean fresh and hygienic environment.

Eliminating unpleasant odors within washrooms helps to ensure a constantly clean washroom for the users.

This eliminates manual air fresheners and especially now in the Covid infections era due to the contact by many users, the automatic air fresheners are ideal for this purpose as they prevent germs transfer between users. The air fresheners are powered by alkaline batteries and the unit settings are fully customized using the digital interface. The dispenser sprays fragrance out of the interval and this can be customized as per the customer needs.

Toilet seat cover dispenser

Hand sanitizer dispenser

Automatic Air freshener Dispenser

Automatic Air freshener Dispensers

Toilet Seat Sanitizer

We install toilet seat sanitizer dispensers and refill sanitizer which is essential in disinfecting the toilet seat surface by killing 99% of the germs within 10 seconds. It contains antimicrobial agents that destroy harmful germs and bacteria present on the toilet seat.

Hand

Hand drying is essential in minimizing bacteria transfer from the washroom to other areas through wet hands. We provide appropriate hand drying method by assessing your specific washroom requirements by considering amount of traffic, frequency of servicing and cost implications. Options available include paper towel dispensers and wall mounted hand dryers.

Hand Hygiene

Promoting regular hand washing within your business is vital in reducing the level of cross contamination. Placement of wall mounted soap dispensers within your washrooms facilitates hygienic hand washing.

Our Clients

We pride ourselves with being associated with some of the major brands in the region through the provision of either, cleaning, sanitary services, fumigation or landscaping.

Let Mwewe Cleaning and Fumigation Services Ltd take care of your cleaning and pest control needs, so you can focus on what matters most to you.
